

# Meeting Owl vs. Meeting Owl Pro: Which Is Right for You?

## Meeting **OWL**

The Meeting Owl is the original 360° smart conference camera. It's best for huddle rooms and smaller spaces and allows you to collaborate with colleagues from anywhere. It's a cost-effective option to make any room immersive.

## Meeting **OWL** Pro

The Meeting Owl Pro has a 2X sharper camera with 1080p resolution and a 2X louder 360° in-room speaker, great for larger conference rooms. Adding a Meeting Owl Pro enables any space to become a Smart Meeting Room, with smart features to help your team be even more productive.

# Sometimes You Need to See It to Believe It

At the end of the day, why do we invest in video conferencing? To see each other. Everyone needs to be able to see facial expressions and body language in order to have an effective conversation.

The Meeting Owl and Meeting Owl Pro provide a cost-effective way to hold meetings when employees are distributed across multiple office locations. They're easy to set up and compatible with all web-based video conferencing systems, which helps save valuable time on meeting setup and IT troubleshooting. Help your team work from anywhere productively with the Meeting Owl.
